

KICKS

It's your ride, intensified

Push your style and expression to the limit in the KICKS. With styling bolder than anything else on the streets, this premium crossover puts you firmly in charge of the city. It's your ride, now upgraded and intensified.

Features and specifications are subject to change depending on market and grade. Please consult your local dealer.

Styled to impress

A look like no other with a unique floating roof design. Striking thinly-styled LED headlamps, and thanks to revolutionary Nissan Emotional Geometry styling, a V-Motion grille and sharp edge bumper design complete a look presence that demands to be seen.

Spin your own style with 17" alloy wheels which not only look the part, but inspire road confidence and better handling as well. Larger wheel and tyre size means more grip and more confidence to take on the city.

Shark fin antenna and folding mirrors complete an undeniably premium package from every angle.

Claim the city streets

KICKS delivers dynamic handling with the performance to merge and move, on command. Ultra responsive steering, exceptional fuel economy and confidence boosting technology delivers a drive to excite on any road.

TECH TO CONNECT

The centre of attention

First impressions last, and nothing is more impressive than the KICKS driver cockpit. KICKS retains its distinctive gliding wing dashboard, combining driver functionality with elegance for an ultra-modern, ultra-premium feel.

Control at your fingertips

Let your KICKS take you out of the city and onto open roads with Cruise Control and take on the highways with ease.

7" high definition TFT touch screen

An impressive 7" high definition TFT touch screen display and A-11 Nissan Infotainment takes centre stage for complete control with everything you need to intensify your ride.

Apple CarPlay®

People to see? Places to be? Just ask Siri.® Equipped with Siri.®, Apple CarPlay® brings on board your contacts, favorite audio apps, Apple Maps, and more. You can even use your steering wheel controls to adjust volume and toggle through screens.

Android Auto™

Know where you're going and when. Google Maps™ helps you navigate to your next appointment, while your Google Assistant keeps you on top of your schedule. Choose a song, change your destination, or respond to a text with your hands on the wheel using the hundreds of available voice commands.

PREMIUM INTERIOR

Exceptional comfort and space

KICKS is full of thoughtful conveniences that make a big difference. Plenty of head room in Nissan Zero Gravity Seats, knee room for rear passengers and multiple smart storage compartments for ultimate convenience. A raised SUV-like driving experience gives you the best world view at all times.

FLEXIBLE CARGO CONFIGURATIONS

Make space for more life

With the second row folded down, Nissan KICKS is ready to accommodate any activity you can imagine, especially the spur of the moment ones. From shopping sprees to weekend escapes, with this kind of space and flexibility, you'll welcome any surprises.

The Nissan KICKS has been designed to be highly accessible and highly adaptable. A tailgate that opens high enough for you to stand under and a 60/40 split of the rear seats means it's never been easier to make space for more life.

432 Litres of cargo space

2 Mountain bikes when 60:40 seats are folded

3 Suitcases when seats are not folded

3 Golf bags when only a single seat is folded

Features and specifications are subject to change depending on market and grade. Please consult your local dealer.

AGILE PERFORMANCE

Efficiency that moves to the fast lane

Performance and efficiency can go hand in hand, and Nissan KICKS is driving proof of it. Even with plenty get-up-and-go, the combination of an advanced engine, lightweight design, and a virtually gearless transmission means the KICKS gets the most out of every drop of fuel. Something its aerodynamic design enhances even further.

POWER
88kW

TORQUE
149Nm

ENGINE
1.6 Litre

Features and specifications are subject to change depending on market and grade. Please consult your local dealer.

KICKS POWER

The innovative 1.6-L engine offers smoother power delivery and better efficiency by using a special coating on the pistons to reduce friction.

LIGHTWEIGHT DESIGN

With the use of high-tensile strength steel in key areas and an all-new rear beam suspension, weight is kept down. The result? Efficiency goes up.

D-STEP CVT

Engine power is harnessed with a sportier than ever, CVT transmission. D-STEP technology features built-in shift points that activate under enthusiastic acceleration so you are always in the right gear at the right time.

AROUND VIEW MONITOR with MOVING OBJECT DETECTION

Park like a pro

KICKS now offers a suite of mobility features to give you more confidence when you need it most. Around View Monitor (AVM) makes parking into any spot easy, with a virtual composite 360° bird's-eye view and selectable split-screen close-ups of the front, rear, and curb side views. It also gives you an on-screen heads-up when it detects moving objects near your vehicle.

SAFETY AND DRIVER ASSIST TECH

All round safety with Nissan Intelligent Mobility

You're only human so it's nice to have a little backup when something unexpected happens. From Intelligent Mobility to Safety Shield technologies, the upgraded Nissan KICKS comes packed with a host of safety features designed to protect you and your loved ones on every drive.

VEHICLE DYNAMIC CONTROL (VDC)

VDC helps you maintain your steered path. When VDC detects over- or understeer, the system can reduce engine power and apply brake pressure to specific wheels in low-traction situations.

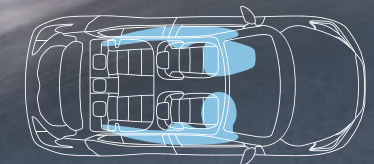

HILL START ASSIST

Start up and drive away with ultimate confidence thanks to technology that prevents against rolling backwards. Brake pressure is maintained for a maximum of two seconds after the driver releases their foot, allowing for perfect pull-always every time.

ANTI-LOCK BRAKING SYSTEM

When you have to brake suddenly, Kicks' Anti-lock Braking System can pump the brakes faster than you ever could. This helps you maintain control by preventing wheel lockup, which in turn allows you to steer around obstacles in your path.

SIX STANDARD AIRBAGS

When a collision is unavoidable, six airbags throughout the car include dual-stage supplemental front, side and roof-mounted airbags with seatbelt and occupant sensors for maximum passenger safety.

Nissan's commitment to quality: To provide all customers with a consistently high level of quality, Nissan applies the same standards worldwide, to ensure that all Nissan owners enjoy peace of mind for the lives of their vehicles. The approach is based on quality from the customer's perspective on three key elements: First, the expectation of a smooth driving experience with complete peace of mind. Second, the intangible appeal of a vehicle, its power to captivate and excite, with features that capture attention and imagination. Third, the level of attentiveness and service during the sales process, and long after the sale is concluded.

NISSAN
AFTERSALES
OUR PROMISE. YOUR EXPERIENCE

AT NISSAN WE KEEP OUR PROMISES AND TAKE CARE OF OUR FAMILY

Servicing and repairing your Nissan at an authorised Nissan dealership is the way to go. Our Nissan technicians are highly trained specialists that know your Nissan better than anyone. They will use Genuine Nissan Parts, Genuine Nissan Accessories to ensure quality, reliability and to keep your vehicle performing to optimum standards. Nissan aims to keep you and your vehicle on the road with total peace of mind - for as long as possible. That is the Nissan Aftersales commitment.

Nissan's commitment to the environment

Nissan's environmental philosophy embraces people, vehicles and nature. In the pursuit of a sustainable mobile society, the Nissan Green Program aims to reduce the environmental impact of Nissan vehicles at every stage of the vehicle life cycle, while corporate activities address environmental challenges.
